

EasyPay Optional Terms and Rates

When you choose EasyPay, you authorize regularly scheduled payments to be made directly from your checking or credit card account. Your payments will be made automatically in 5, 10, 13, 26 or 52 week terms—you decide the term so you'll know the amount of each payment and how often each payment is made. There is less paperwork because you won't

receive a subscriber notice. Your checking or credit card statement is your record of payment. Once you sign up, you won't have to think about it again. EasyPay will continue until you notify The Post-Standard otherwise. Complete the form on the back of your notice and select the term you prefer on the front remittance portion of the notice.
